Let Me speak wisdom to you my child. History. It really means His Story. It is really all about My son Jesus. History is the story of how each person treated My son Jesus. Did they love Him and honor Him as I asked them to do? Did they follow His example to love others? Did they accept My offer of forgiveness when Jesus died for them? Every good thing was created to honor My Son Jesus. Did they honor themselves or honor Jesus? The sun will set on each of your lives. What will you do with My Son Jesus? Your words and actions will create an eternal story about you. What will it say about you and My Son?
